PROFESSIONAL EXPERIENCE

Virtual Executive Assistant | Digital Content & Brand Support

Afri VA Hub — Remote | March 2026 – Present

- Support international clients with executive assistance, digital communications, content coordination, and administrative workflows.
- Create and coordinate branded social media graphics, presentation materials, and digital communication assets.
- Assist with website content updates, lead magnet development, email marketing materials, and newsletter planning.
- Support personal branding initiatives by organizing content ideas, developing creative materials, and coordinating digital projects.
- Use Canva to create professional visual materials aligned with client brand guidelines and creative preferences.
- Assist with content planning, communication workflows, and digital asset organization.
- Use AI-powered productivity tools to support content drafting, research, workflow efficiency, and executive communications.
- Coordinate tasks, deadlines, and deliverables for remote clients while maintaining professional communication.

Digital Operations & Brand Content Support

Goodland Africa / Geycii Spa & Showroom — Abuja | April 2025 – February 2026

- Supported the creation and coordination of branded digital materials, social media content, and business communications.
- Coordinated website updates, promotional materials, presentations, and customer-facing digital assets.
- Supported digital communication workflows and content-related activities across business operations.
- Organized digital assets and maintained documentation to improve content accessibility and workflow efficiency.
- Used AI productivity tools and digital systems to support creative and operational tasks.
- Collaborated with internal teams to coordinate projects, business updates, and promotional activities.

Executive Assistant | Digital Communications Support

LEZX Technological Solutions Company — Abuja | April 2025 – September 2025

- Created branded presentation materials, event graphics, and digital communication assets for an educational technology business.
- Supported event communications, registration campaigns, and digital information management.
- Coordinated executive calendars, communication schedules, and administrative deliverables.
- Developed online registration forms and supported digital workflows using Microsoft Forms and Power Automate.

- Assisted with content preparation, project documentation, and stakeholder communication.

Content Strategist & Customer Support Lead

Confidential Client Services — Abuja | February 2022 – May 2023

- Led content coordination and customer communication operations for an election coverage campaign.
- Managed eight remote content writers, assigning tasks, coordinating editorial workflows, and monitoring content delivery.
- Oversaw the production and coordination of more than 150 content pieces.
- Supported content planning, research, writing assignments, and editorial scheduling.
- Reviewed content submissions for quality, consistency, accuracy, and alignment with project requirements.
- Coordinated communication between content contributors and project stakeholders to meet production deadlines.
- Supported audience-facing communication and customer service activities throughout the campaign.

SELECTED CONTENT & CREATIVE PROJECTS

AI Video Creation & Digital Character Storytelling

Independent Creative Projects | 2026

- Developed an AI digital character named Preye for technology education and business information protection content.
- Created short-form educational video scripts structured into 10-second segments for production with Google Flow.
- Developed visual prompts describing character appearance, facial consistency, outfits, environments, camera angles, and scene transitions.
- Applied AI-assisted storytelling techniques to produce professional, character-driven educational content.

Personal Brand Social Media Campaign

Business Information Protection Awareness Campaign | 2026

- Developed a 90-day content strategy focused on business information protection and organizational awareness.
- Created LinkedIn and Instagram carousel concepts, educational posts, branded graphics, and short-form video scripts.
- Designed consistent social media branding using defined colour palettes, typography, and content layouts.
- Developed attention-grabbing hooks, educational captions, and engagement-focused calls to action.
- Adapted content concepts for LinkedIn, Instagram, Facebook, and X.

Personal Branding & Digital Content Design

Independent Creative Projects | 2026

- Designed professional LinkedIn banners, Instagram promotional graphics, branded social media templates, and business flyers.
- Created content for service promotion, professional positioning, brand awareness, and educational campaigns.
- Used AI-assisted copywriting and creative development to improve content production efficiency.
- Developed visual content concepts aligned with brand messaging and target audiences.
